SQUARE D PUMP START RELAYS

These pump start relays allow for the operation of your pump from a remote sensor or control **SUCH AS YOUR SPRINKLER SYSTEM AUTOMATIC CONTROLLER.** The 24 volt coil is energized by the sprinkler controller and closes the pump start relay's contactor thereby allowing power to flow to your booster pump. These contactors are both UL and CSA rated. A watertight Nema 4X enclosure allows for either indoor or outdoor use. The box has a clear UV inhibited Lexan cover to allow viewing of the relay without opening and has 8 conduit openings for complete versatility in mounting.

\$ 65.95 PSR2-24 2 HP PUMP START RELAY Rated upto 1 HP for 115 volt or 2 HP for 230 volt operation. 5" x 5" x 4" deep with 24 volt coil
PSR224

\$ 91.50 PSR5-24 5 HP PUMP START RELAY Rated upto 2 HP for 115 volt or upto 5 HP 230 volt operation. 7" x 7" x 5" deep with 24 volt coil
PSR524

PRESSURE GAUGE SELECTION

Deep drawn one piece steel gauge housing encloses a quality movement. Rugged precision made phosphor-bronze Bourdon tube movements assure accurate pressure readings even under adverse field conditions. All gauges have genuine mar-resistant 2" glass dial faces and 1/4" male threaded brass bottom socket connections.

\$ 4.95	100PG	100 psi	Pressure Gauge	\$ 5.75	200PG	200 psi	Gauge
\$ 9.95	400PG	400 psi	Pressure Gauge	\$ 9.95	600PG	600 psi	Gauge
\$ 9.95	18BTPG	100 psi	1/8" Back tapped Pressure Gauge				
\$ 11.25	30VAC		30 VAC Vacuum Gauge				
\$ 11.25	CPVG		Combination Pressure & Vacuum Gauge				
\$ 11.00	100PGLF		Liquid Filled 100 PSI Pressure Gauge				

PRESSURE TANK AIR VOLUME CONTROLS

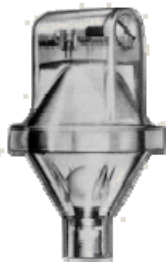

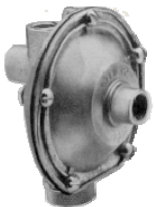

AIR VOLUME CONTROLS FOR USE WITH SUBMERSIBLE PUMPS

These deep well air volume controls maintain the proper ratio of air to water in standard pressure tanks installed in a drain back type water system. This control opens the air valve on the fall in the tank water level, thereby bleeding excess air from the pressure tank. These controls have an 1-1/4" male thread for the opening approximately half way up the pressure tank's side.

\$ 21.25 F93B1C F93B-1C Johnson Deep Well Air Volume Control
\$ 30.95 TYPEWJ Type WJ Ametek Air Control with Die Cast Metal Body

AIR VOLUME CONTROLS FOR USES WITH JET PUMPS

\$ 10.95 AC1 AC-1 Campbell Air Chargere for Jet Pumps
