## 8' TALL LAWN WINDMILL

This yard decoration windmill is 8 feet tall, and will make a perfect addition to your landscape design. The wheel is 22" in diameter, and the tail extends 29" behind the tower center point. The platform is 15" square. Built from heavy gauge galvanized sheet metal, they are heavier duty than the imports found at garden centers. The windmill requires simple tools to assemble, and is packaged so that it can ship on UPS.

## 4 1/2' TALL DECORATIVE WINDMILL

**\$ 49.95** Wt 11#  
4MILLMODEL

Styled like the Aermotor windmill, this 4 1/2' tall decorative windmill will be the centerpiece of your garden or lawn. The 12" diameter wheel spins in the breeze for your enjoyment and acts as a weather vane.

## DESKTOP WINDMILL MODEL

**\$ 27.75** Plus S&H  
17MILLMODEL

This windmill model makes a great desk top decoration. The real windmill will not fit on the desk, but now you can have a model of your real windmill for conversation and enjoyment. This model is 17" high with a 5" wheel. Assembly requires simple hand tools.
