\$ 3260.00 #922-0007 Factory Assembled WD820 9220007

Simplex Grinder Package System (24" x 72") Job Ready

(as pictured to the left) This factory assembled system consists of the WD820 2 hp 230V Automatic Sewage Grinder Pump, 24" x 72" Simplex Basin with fiberglass lid, Stainless Steel Guide Rail System with stainless lifting cable, stainless pull rod, and a brass disconnect fitting. Unit is assembled with the 1-1/4" cast iron sewage check valve and 1-1/4" galvanized steel discharge pipe. Alarm package is included but not pictured. The floats for turning the pump on and off and for the alarm are connected through a Quik Box watertight splicing connection box. An 1-1/4" PVC Ball Valve is installed at the 1-1/4" Bulk Head discharge fitting to prevent sewage draining back into the tank after disconnection.

\$ 4595.00 #922-0011 Factory Assembled E840 9220011

Simplex Grinder Package System (24" x 72") Job Ready

(as pictured at left) This factory assembled E-840 Simplex Grinder Package System consist of E-840 2 hp 230V grinder pump with cutters that automatically alternate direction with each start.
